3 July 2026

Dear Parents/Guardians,

Primary 2 Term 3 Level Matters

Welcome back! We hope the children had a good break during the June vacation. Here is an update of the activities in Term 3.

Programme for Active Learning (PAL)

The students have successfully completed two PAL modules in Semester 1: Visual Arts (VA) and Performing Arts (PA) – Dance. As we move into Term 3, they will embark on their next module, Sports & Games along with two Junior Science lessons.

This module will further support Character and Citizenship Education (CCE), incorporating elements of National Education (NE) and the five Social and Emotional (SE) competencies: self-awareness, self-management, social awareness, relationship management and responsible decision-making. Our school's RICE values will also be emphasised. This integrated approach promotes the holistic development of students' values, character, social-emotional well-being and citizenship dispositions, contributing to positive life outcomes.

Physical Education, Art, and Music (PAM)

For Physical Education, students will undergo lessons in Gymnastics and Games & Sports. During Gymnastics, students will learn basic movement skills to form and perform a simple gymnastics sequence. In Games & Sports, they will revisit skills such as catching and dribbling and learn new skills like striking a ball with hands and implements. In Physical Health and Safety, students will learn about healthy eating, focusing on the brown rice and wholemeal bread food group of the healthy plate. Students will also learn and practise skills related to the P2 Lower Primary Games and participate in activities from the GetActive! Singapore Active Kid Package in celebration of National Day.

For Art, students will explore ways to observe and represent people and everyday scenes in their neighbourhood. They will learn how to organise their ideas and express them creatively in their artwork. As part of their learning, students will also engage in discussions about the lives and cultures of people from both the past and present. They will study and draw inspiration from artworks such as *Life by the River* by Liu Kang and *Drying Salted Fish* by Cheong Soo Pieng.

For Music, students will learn to create short melodic phrases based on the C pentatonic scale and record their music ideas using graphic or stick notation. They will also try out their melodic creations on instruments. As significant events like National Day and Children's Day approach, they will learn relevant songs to celebrate these occasions.

Home-Based Learning (HBL)

Due to the Primary 6 Preliminary Oral Examinations, all students from Primary 1 to Primary 5 will have HBL on 27 July 2026 (Monday) and 28 July 2026 (Tuesday). Further details will be provided by your child's subject teachers.

HI-LITE Programme: National Orchid Garden

As part of the HI-LITE Programme, the students will be going on a learning journey to the National Orchid Garden. More details will be shared by their form teachers via Parents Gateway closer to the date.

Recess Story-Telling Sessions

Our HPPA parent volunteers will continue to conduct storytelling sessions during recess this term.

Details of the storytelling sessions are as follows:

- Time: 9:45 am – 9:55 am
- Mondays: Chinese Language
- Thursdays: English Language

Students should bring their student diary to the library for each session. We look forward to seeing them there!

Parenting Tips for a Healthy Relationship with Your Child

Parenting can be both challenging and rewarding. Building a strong bond with your child is important, and engaging in parent-child bonding activities can be both fun and educational.
