31 March 2026

Dear Parents/Guardians,

## **Primary 4 (P4) Term 2 Level Matters**

We trust that your child enjoyed a rejuvenating break over the March holidays. As we commence a new term, we warmly welcome your child back to school.

### **Hi-Rise Programme**

HI-RISE, which stands for Holistic Integrated Real-World Inquiry and Synergistic Experience, is an innovative, interdisciplinary programme that provides students with a holistic and immersive educational experience. It integrates learning across subjects through authentic real-world inquiry, encouraging students to make meaningful connections between their learning and the world around them.

At the heart of HI-RISE is the belief that learning is most effective when it is experiential, inquiry-driven, and synergistic. Through learning journeys and the INOVAT programme, students engage in rich, hands-on experiences that deepen understanding and encourage the purposeful application of knowledge.

Aligned with emerging 21st Century Competencies (e21CC) and our school's THRIVE outcomes, HI-RISE nurtures critical thinking, creativity, collaboration, and communication—equipping students with essential skills to thrive in an ever-evolving world.

In Term 1, students participated in the INOVAT programme, where they designed and created their own toys, applying creativity and problem-solving skills in a meaningful context.

In Term 2, the Primary 4 HI-RISE theme is Innovation in Nature. As part of this experience, students will embark on a Learning Journey to Gardens by the Bay. This will be complemented by integrated subject-based learning that explores how innovation is inspired by the natural world.

More information regarding the Learning Journey will be made available to parents through separate Parents Gateway forms by the P4 Form Teachers.

### **Singapore Japanese School & Henry Park Primary School Exchange Programme**

Since 1990, Henry Park Primary School, in collaboration with the Singapore Japanese School, has organised an annual Exchange Programme involving reciprocal school visits for both students and teachers.

The school visits will take place in May. Each Primary 4 class will either visit the Singapore Japanese School or host their students at HPPS. The hosting experience will include classroom interactions and booth activities.

More details will be shared with parents closer to the dates.

## **Parent-Teacher Meeting**

A face-to-face Parent-Teacher Meeting has been scheduled for 21 and 22 May 2026. This meeting provides a valuable opportunity for your child's Form Teachers to discuss your child's progress and collaborate on ways to further support their growth and development.

More details about the meeting will be provided closer to the date. We look forward to meaningful discussions and working together to ensure the best for your child.

Warm regards,  
Norrehan Mohamad Jabbar (Mdm)  
Assistant Year Head (Primary 4)
