ICT and Cyber Wellness Briefing

P1 Orientation 2024

Overview

1. ICT learning in HPPS
2. Student Learning Space (SLS)
3. Parents Gateway
4. Cyber Wellness Programmes in HPPS
5. Digital Literacy in HPPS
6. Tips for parents

1. ICT in HPPS

Developing our students to be Informed Digital Natives!

Effective and discerning use of technology for:

- Self-directed learning
- Collaborative learning

2. Singapore Student Learning Space (SLS)

SLS accounts and passwords will be given to newly enrolled P1 students in Term 1 for activation.

More updates will be given when the year starts.

Introduction to SLS Portal:
https://www.learning.moe.edu.sg/about/overview-of-student-learning-space/

3. Parents Gateway (PG)

For Parents

Get access to all your children's school announcements and consent forms from one single app.

- Effortlessly give consent for their school activities anytime, anywhere.
- Conveniently book your preferred slots for Parent-Teacher meetings.
- Easily make travel declarations to inform schools of your children's travel plans.
- Discover curated parenting resources to better support your children in their education journey.

3. Parents Gateway (PG)

MOE Parents Gateway Introduction:

https://go.gov.sg/moe-pgvideo

On-boarding Parents Gateway (PG):

Please download from Google Play or Apple App Store

Introducing
Parents Gateway

The easier way for schools to communicate with parents.

GET IT ON Google Play

Download on the App Store

EXPLORE IT ON Huawei AppGallery

Download "Parents Gateway" from the official app stores (Google Play, App Store or Huawei AppGallery) and ensure that the app developer is "Ministry of Education (Singapore)".

4. Cyber Wellness Programmes in HPPS

What is Cyber Wellness?

Information and Communication Technologies (ICT) are becoming increasingly pervasive in our world. While creating instant connectivity and access to vast repositories of information, knowledge, and opinions, the open nature of the Internet can expose our students to undesirable content and influences.

Cyber Wellness in Character and Citizenship Education (CCE) focuses on the well-being of our students as they navigate cyberspace. Our curriculum aims to equip students with the knowledge and skills to harness the power of ICT for positive purposes, maintain a positive presence in cyberspace and be safe and responsible users of ICT.

Class Discussions
(Cyber Wellness Termly Lessons)

FIX THE NETIQUETTE!

Josh is really upset about his classmate, Mike. He is so angry that he decides to post a mean comment about Mike anonymously in an online discussion group.

MIKE IS A LIAR! Do not believe what he says. Do not be his friend!

How can we communicate and share the information in a responsible and ethical manner?

Tuesday

Recvd msg ...Don't buy NTUC Jasmine fragrant Rice, its was confirmed plastic Rice, by Chemist. NTUC agreed to withdraw all products of this rice, pls share among frens/relatives

Case Study:
Class Discussion

What would you do if you were to receive this message from your friend?

Why?

WHEN ENCOUNTERING UNFAMILIAR SITUATIONS ONLINE...

STOP

THINK

DO

SCENARIO 3

After installing a new game from the App store, you are prompted to key in your name, age and contact number in order to start playing. What should you do?

SENSE

CYBER WELLNESS PRINCIPLES

Respect for Self & Others
Safe & Responsible Use
Positive Peer Influence

ACT   THINK

Let's discuss about this case study:

You would like to tell your friends, Ben and Ali, about a new movie and invite them to watch it with you after school.

What digital tool would you use to share the following information with them? Why did you choose this tool?

Recipients	Information
Ben, Ali	The new movie, Jurassic World will be released tomorrow! Do you guys want to watch it with me after school?
Image	**Digital tools used** You: Gmail, WhatsApp, Instagram Ben: Gmail, WhatsApp, Instagram, YouTube Ali: WhatsApp, Instagram, Yahoo mail

Assembly Talks and Post-Exam Programmes

5. Digital Literacy in HPPS

Digital literacy is defined as a set of knowledge, skills and dispositions that would help our learners be confident, critical and responsible users of digital technologies.

MOE's National Digital Literacy Programme was launched in March 2020 for our schools and Institutes of Higher Learning. Under the programme, students will acquire digital skills across four components in the "Find, Think, Apply, Create" framework.

In HPPS, students can acquire digital literacy knowledge and skills through self-paced learning modules in SLS!

Find
Gather and evaluate information, and use digital resources in a safe and responsible manner.

Think
Interpret and analyse data, and solve problems.

Apply
Use software and devices to facilitate the use of knowledge and skills in different ways.

Create
Produce digital products, and collaborate online.

6. Tips for Parents

Parents play a key role in their children's growth. Students benefit the most when the home and school environments are attuned to each other.
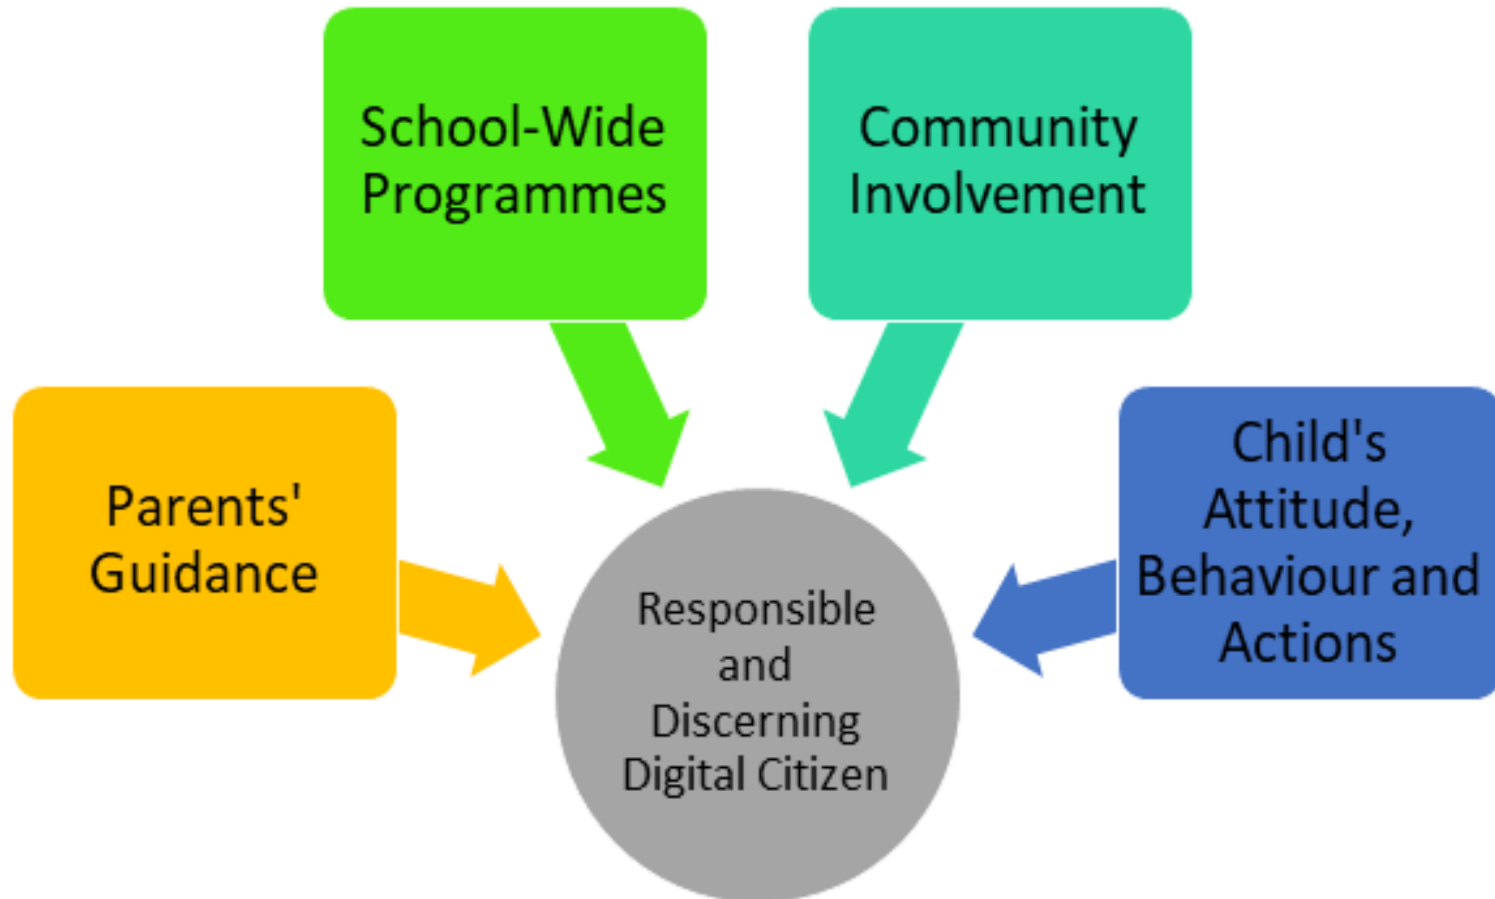

To help your child stay safe and have positive experiences online, you can:

- **Activate parental controls on your home devices.**
- **Model good digital habits for your child.**
- **Set ground rules for internet use.**
- **Navigate the internet together to understand their usage.**
